### Message From One of Our Kids

Each year we receive requests to support education for dozens of children. As we are a small charity with limited funds, we are unable to help as many as we would like. It is never an easy decision to make.

This year we were able to fund tuition for many of the kids at one particular partner, but had to bypass one deserving girl, Saroja, as the tuition cost of her program was too steep.

Thanks to a recent generous grant from the Guru Krupa Foundation we have been able to provide her tuition for the upcoming school year.

With the help of GKF, tuition for several of the children at two of our partner orphanages is secure into 2020/2021.

See Saroja's letter [here](#) and her video thank you [here](#).
